ADRIAN M. FENTY
MAYOR

Dear Residents,

It is with great pleasure that I present the DC Spring and Summer Fun Guide for 2010. This guide has a wide assortment of programs, services and activities available for District of Columbia residents of all ages.

Summer is the most exciting season of the year and District government agencies are working together to ensure that District residents have safe and productive programming. The DC Summer Fun Guide will help you learn more about the exciting opportunities and programs available to District residents this Spring and Summer.

This administration is committed to working together to provide District residents with the services, programs, and facilities they deserve.

Inside this guide you will find information on sports leagues, summer learning, jobs, programs, free summer meals, classes, swimming, special events, and so much more. These activities will take place in recreation and community centers, schools, faith-based centers and housing complexes across this great city.

I hope that you and your family are able to participate in our exciting programs we have available for you this summer.

Sincerely,

Adrian M. Fenty
Mayor

Letter from the DC Youth Mayor – Markus Batchelor

It is with great pride and pleasure that I join Mayor Adrian Fenty and other city leaders in presenting the District’s “Spring and Summer Fun Guide” for 2010. The District of Columbia government continues to lead the way as a jurisdiction whose goal is to provide meaningful, enriching and fun activities that will serve as building blocks in the development of its youth. I am proud to say that I live in a city that provides so many services for youth and their families.

I encourage every youth in our great city to take advantage of athletic events, free public library services and the employment opportunities listed in the “Spring and Summer Fun Guide.” I took advantage of many of the activities provided last year and was able to earn money, have fun and gain an opportunity to serve my city. I am definitely looking forward to this year’s activities.

Please enjoy yourselves and have a safe and productive summer!

2010 D.C. FREE SUMMER MEALS PROGRAM

For Parents

The Free Summer Meals Program (FSMP) is a child nutrition program available to youth up to age eighteen. This program provides access to healthy, nutritious meals throughout the District of Columbia at area schools, recreation centers, and faith-based and community-based organizations throughout the city. The program will operate from June 14, 2010 through September 3, 2010, which is during the summer break when there is no longer access to school breakfast and lunch. All of the meals are served free of charge to participants.

To find the closest DC Free Summer Meals Program site near you, please call 311 or visit www.dcsummerfun.dc.gov. Sites will be listed beginning June 2010.

For Organizations who want to Participate

The Office the State Superintendent (OSSE), Wellness and Nutrition Services Department is recruiting sponsors and/or feeding sites to participate in the DC Free Summer Meals Program for summer 2010. During summer 2009, FSMP served over 1.2 million meals through the FSMP, serving just half of the eligible children for free and reduced-priced meals during the summer months. The FSMP is committed to building capacity to serve more children through the help of additional sponsors. Please consider participating as a sponsor or feeding site to expand the number of children who have access to this important program and ensure that any child who needs a meal during the summer months will be able to access one.

Who Can Participate

School Districts and Individual Schools	Government Agencies
Faith Based Organizations	Community Action Agencies
Park & Recreation Departments	Police & Fire Departments
Civil Rights Organizations	YMCAs/YWCAs

YOUTH DEVELOPMENT SUMMER PROGRAMS

Maximize your summer by staying engaged!

The DC Children and Youth Development Trust Corporation (Trust) brings summer fun to neighborhoods all over the District. Block to block and ward to ward, we fund engaging summer programs that allow youth to make new friends, learning new things, and create new memories. These programs use a youth development approach that helps young people build the skills and competencies they need to successfully transition to adulthood. They emphasize the importance of positive attitudes, knowledge and behavior.

There is a world of summer opportunities that includes performing and theatre arts, creative writing, crafts, sports and recreation, job readiness and college preparation. Programs offer afternoon hours for elementary school-aged students that complement the morning summer school classes, as well as community service learning programs for older youth to support local neighborhood needs.

Summer programs run for six weeks beginning June 28th and concluding August 6th.

The full list of programs will be available after June 1st at www.cyitc.org and www.dcsummerfun.dc.gov. You may also locate a program by calling 311. The list will include information about location, ages served, hours of operation, program content and enrollment instructions for each program. Programs tend to fill-up quickly, so remember to check back for the announcements early June!

FIRE FIGHTER & EMS CAMP FOR YOUNG WOMEN

The DC Fire Fighters Association Local 36 and The DC Fire & EMS Department would like to join forces and further extend our services to the community by implementing and hosting the fourth annual Camp 911. The idea for the camp came about as a result of the low number of female applicants submitted for the position of Fire Fighter/EMT. Fire Department Recruiters found that many of the women hesitated to embark on a career in the fire service because they lacked the confidence in themselves to complete the training, and even more stated that they never had the fire service on their radar as young girls.

Camp 911 is intended to give young women who live in the District of Columbia a fairly realistic picture of what it would be like to be a fire fighter, while showing that a career in the fire service is a viable choice if they want to pursue it. The camp will run for one week from 10:00am to 3:00pm during the month of July. It will invite girls from the ages of 12 to 18 years of age, on a first come first serve basis—as this will increase our chances of having girls from different backgrounds in attendance. During the camp, girls will learn and be given certifications in the following areas.

1. Basic Fire Behavior
2. First Aid/CPR/AED
3. Search & Rescue Techniques
4. Ropes & Knots
5. Proper Fire Extinguisher Use
6. Fire Hose Handling
7. Proper SCBA Use
8. Physical Fitness/Nutrition

9. Team Building/leadership skills
10. CERT(community emergency Response training)

The camp will start on Monday July 12, 2010 thru Friday July 16, 2010 from 10:00am to 3:00pm daily.

DC PUBLIC SCHOOLS SUMMER SCHOOL

DCPS will continue to offer enriching, rigorous, and engaging summer school programs for students in grades K-12. Summer school for all students is currently scheduled to begin on June 28 and end on August 6, 2010, with graduation ceremonies for graduating 12th graders taking place on August 6.

Elementary

Both the kindergarten and elementary programs combine academic support with engaging activities that enrich students' experiences and build positive relationships with classmates, teachers, and schools.

- The kindergarten program includes both enrichment and academic support. Students currently in kindergarten will not only be able to reinforce the skills needed for first grade but also learn through the arts and enjoy educational field trips.
- The elementary school program is focused on reading, writing and mathematics. Students will work on reinforcing skills taught during the year while teachers will tailor their instruction to meet the individual needs of each student.
- Reading/English Language Arts teachers will model reading strategies and teach children to write with purpose, utilizing big books, core books, trade books, leveled readers, and writing materials.
- The mathematics program is designed to reinforce the skills not mastered by the students during the prior school year. Teachers will use manipulatives and a hands-on approach to engage all students.
- In addition to the morning program described above, elementary school students may also attend the DCPS afterschool program at the same site. Students attending the afterschool program must pay a one-time activities fee of \$1.50 per student.

Middle

In addition to providing academic support, the middle school program will assist new middle school students' transition from elementary school and will prepare rising 8th graders for their last year of middle school.

- The middle school program will target students who have not achieved grade level proficiency in reading and mathematics, according to grades and the DC Benchmark Assessment System.
- Students will receive support in reading, writing, and mathematics.
- The reading program will focus on comprehension, and teachers will foster higher-level thinking and model the practices of good readers.
- The math program is designed to re-teach the concepts not mastered by the students and that are pre-requisite for success in the upcoming year's math class.

High School

The high school program provides students an opportunity to make progress towards fulfilling their graduation requirements.

- Students will have the opportunity to earn up to two (2.0) credits (or Carnegie units) by the end of the summer.
- The following are a sampling of high school courses that may be offered at summer school. Summer School Registration and Enrollment Information

Q: Who may enroll in DCPS Summer School

- For the elementary and middle school programs, all students are welcome to complete the registration application, but the following students may be given priority:
 - students scoring below basic in reading or math according to DC BAS or DC CAS results
 - students recommended by their teachers or principals because they need the additional summer school support to better prepare for the next grade level
- For the high school program, the following students may enroll:
 - students who need to recover credits for courses they have previously taken and failed
 - students who are within two credits of fulfilling their graduation requirements
 - students who are "off-track" for graduation by two or more years (i.e., students whose 9th grade cohort is two or more years ahead of them)
- The following students also may enroll in the grade-appropriate program:
 - Students whose IEPs indicate eligibility for Extended School Year (ESY) or Compensatory Education (CE) services
 - English Language Learners with English language proficiency of Level 1 to 4
- Non-DC residents interested in summer school for their children must pay non-resident tuition fees. For questions about residency concerns, please contact the DCPS Student Residency Office at (202) 442-5215.
- Program enrollment may be limited.

Q: How and when do I enroll?

- Elementary school students must complete separate summer school and afterschool program applications to attend the morning and afternoon programs.
- Middle school students must complete the summer school applications. There is currently no afterschool program scheduled for middle school students.
- High school students have to complete the summer school application, and they will be assisted by the school counselors to register online for the appropriate courses.
- Applications for summer school will be sent home in March. All completed applications should be returned to the student’s school no later than April 30, 2010.

Q: What if I am in high school and want to enroll in both DCPS Summer School and the Department of Employment Services (DOES) Summer Youth Employment Program (SYEP)?

- DCPS understands that students might need both to attend summer school and to work. Therefore the “Career Pathways” program was created to allow students to remain on track for promotion and graduation while they grow professionally during the summer by participating in SYEP.
- All students who wish to participate in both Summer School and SYEP must register for both programs. Please refer to the DOES website (www.summerjobs.dc.gov) for updated information concerning SYEP registration and the DCPS website (www.dcps.dc.gov) for updated information concerning summer school registration.
- DCPS counselors and afterschool coordinators will assist students and families to select the courses students need for promotion and graduation as well as the Career Pathways classes. Students will receive schedules that include both DCPS required and Career Pathways courses.
- Attendance for both programs will be captured in the DC Student Information System (DCSTARS) and taken at the beginning of the day and during each period.

SAFE AND HEALTHY SUMMER

Summer is a time for outdoor fun. It is also a time for parents to prepare for the fall. Throughout the summer, the Department of Health conducts various health education and information sessions for District children and adolescents. These include:

IMMUNIZATIONS: Did you know your child is required to be immunized in order to attend school? Be sure to get your child immunized before school starts! The Immunization Program at the Department of Health provides free vaccines through the Vaccines for Children (VFC) Program to providers enrolled in the VFC that vaccinate children who:

- Are eligible for Medicaid
- Have no health insurance
- Have health insurance, but it does not cover immunizations AND go to a federally qualified health center
- Are Native American or Alaskan Native

DC Department of Health - Immunization Program

Clinic Hours: 10:00am – 2:00pm (Monday and Tuesday only)
 Location: 6225 Georgia Avenue NW, Suite 303, Washington, DC 20011
 Telephone: (202) 576-7130

Call your health care provider to schedule your child’s medical appointment early and to get their vaccinations up-to-date. All children entering or returning to public, charter, private, parochial, or day care facilities in the District of Columbia are required to be current on all of their vaccinations.

MATERNAL and CHILD HEALTH: The Department of Health provides services to pregnant women, postpartum women and their infants, partners and families. The goal is to help expectant and new mothers stay fit and eat right, commit to 40 weeks of pre-natal care during their pregnancy and keep their baby safe and healthy. These programs include:

- The DC Healthy Start Program provides curbside health services for District residents in Wards 5, 6, 7, and 8 who are pregnant and have not received an initial prenatal visit from a medical provider. It also provides dental screening to women enrolled in the Healthy Start program. Call 1-800-MOM-BABY (1-800-666-2229) for information on these free services.
- The Safe Cribs Program provides District residents education on how to provide a safe sleep environment for their babies from birth to one year of age. The program conducts Sudden Infant Death Syndrome (SIDS) workshops for parents and caregivers every

Tuesday except the fourth Tuesday of the month.

- The DC Newborn Hearing Screening Program checks to ensure your baby receives a hearing test shortly after birth. This screening process can help detect a possible hearing loss within the first months of a baby’s life.
- The Newborn Metabolic Screening Program checks to ensure your baby receives a metabolic screening test shortly after birth. This screening process can help detect a possible metabolic disorder within the first months of a baby’s life.

24/7 MENTAL HEALTH SERVICES FOR CHILDREN, YOUTH AND THEIR FAMILIES

Like adults, children and teens can have mental health disorders that cause significant distress and impair functioning at home, at school, or in the community. Similar to physical health, mental health is important at every stage of life. The Department of Mental Health has counselors trained to work with children and their families in their homes, schools, and the community.

Help is available any time, day or night, by calling **1-888-7WE-HELP (1-888-793-4357)**. Young people can call for help to deal with the drama of family, death, school, drugs, gangs and violence. It's a free call. We can help young people deal with feelings of hopelessness, anger, grief, stress, or whatever is troubling them.

The children's mobile crisis service provides a rapid, on-the-scene response to children facing mental health crises. A team of mental health specialists will come to the home or school to stabilize a child and help families manage the crisis. Crisis beds for youth ages 6 to 21 also are available for a stay up to 14 days as an alternative to psychiatric inpatient hospitalization and to avoid the disruption of foster home placement.

Residents can contact mobile crisis services 24/7 by calling (202) 561-7000 or the ACCESS Helpline at 1-888-793-4357.

Families can access longer term care in their neighborhood by contacting the providers below directly or by calling ACCESS Helpline:

MAYOR ADRIAN M. FENTY'S 2010 SUMMER YOUTH EMPLOYMENT PROGRAM

The Department of Employment Services' Office of Youth Programs (OYP) is excited to launch Mayor Adrian M. Fenty's 2010 Summer Youth Employment Program (SYEP). For over thirty years, the District of Columbia has provided jobs for several thousand teens and young adults, providing participants with a meaningful experience throughout the course of the summer.

The mission of the SYEP is to provide District youth with meaningful work and training experiences. Through participation in SYEP, District youth will gain a skill set that will open up employment opportunities as well as prepare them for the 21st Century workforce.

SYEP provides an array of summer enrichment experiences that consists of Arts, Design and Media; Building and Grounds Maintenance; Community and Social Services; Construction Trades; Education, Training and Library Science; Health Care Support; Hospitality and Tourism; Office and Administration Support and Sports and Physical Education. This short term employment and training program provides thousands of District youth ages 14 to 21 with an opportunity to gain practical experience while earning pay.

The Summer Youth Employment Program strives to:
Offer District youth an opportunity to develop the necessary skills, attitudes, and community commitment to function successfully in today's "World of Work."
Provide a mechanism through which eligible youth are able to earn money while gaining meaningful work experiences, skills-oriented training, and career exposure.
Enhance basic academic, occupational and other skills necessary for youth to obtain and maintain long-term employment.
Equip youth with the knowledge and skills needed to make a smooth transition from school to career-oriented work and/or continuing their education.

The 2010 Summer Youth Employment Program seeks to build on the success from last summer by delivering a program that is applicable to the needs of District youth. Some of the new features of this year's program include: a training component, financial literacy, intensive employment opportunities for youth 18 and over and a partnership with the Bank on Washington program to provide checking and savings accounts for eligible participants.
